This is a trivial matter to a person of your office and responsibilities but since it has been brought to the attention of the responsible person at your Ames Center Bldg. in Rosslyn and no action has been taken, then it's only proper to go a step beyond. It is my understanding that parking in the Ames Center Bldg. is strictly enforced for employees of your Agency and that Bldg. Persons from the Foreign Service Institute are parking their motorcycles in the Nash Street Garage Entrance parking area and have been for a lengthy period of time. They are not paying any parking fees and are in no way linked to your Agency.

I feel if this is allowed to continue, then your parking in the Ames Center Bldg. should be available free to the public sector.
